“I have studied tourism and my Master degree was based on Tourism Development. With this course I wanted to add more value to my knowledge and so far gained experience, make more connections with people from the industry as well as to develop particular skills as a leader in tourism. Taking into consideration that this is an UNWTO course, I believe it is the best place to start with this kind of formations.

Today’s session was a great session on Leadership development with focus on tourism. We were given very useful tools on how to manage the team, be a visionary in industry and how to lead the group of people with different skills and objectives.

I would definitely recommend this kind of courses to all industry professionals, working in different fields and with different profiles. It is a great opportunity to meet and learn from leading experts and to exchange experiences with people from the country and region.”

Vikas Tembhare, Managing Director/Lead Consultant - IND Trade Consultancy Middle East FZE - together with H.E. Sultan Bin Saeed Al Mansoori, Minister of Economy of UAE in the Closing Ceremony of the 2016 edition.
